

Continuing Professional Development - CPD

- the conscious updating of professional knowledge and the improvement of professional competence throughout a person's working life.
- a commitment to being professional, keeping up to date and continuously seeking to improve.
- the key to optimising a person's career opportunities, both today and for the future

Chartered Institute of Professional Development (2009).

UK - CPD

- The GDC (UK) states

'Compulsory CPD maintains public confidence in the 'dentists register' by showing

- dentists keep up to date
- so that they give their patients the best possible treatment and care'

www.gdc-uk.org

UK - CPD

- The GDC - not approve any education provider or course for verifiable CPD.
- The dental professional - responsible for deciding whether or not to count an activity as verifiable CPD.
 - Using professional judgement to decide whether or not it meets all four of the conditions for verifiable CPD.

GDC provide guidance on CPD

- recommend - all dentists (& DCPs) carry out CPD in core subject areas from the beginning of their CPD 5 year cycle.
- all dentists - should be able to advise on core CPD subjects whether or not they work in a clinical environment.

GDC - CPD requirements

- **Dentists**
 - Record 250 hours of CPD (every five-year cycle).
 - At least 75 hours must be verifiable CPD
- **DCPs**
 - Record 150 hours of CPD (every five-year cycle)
 - At least 50 hours must be verifiable CPD

Verifiable CPD-three core areas/topics

- **medical emergencies**
 - at least 10 hours in every CPD cycle
 - recommend CPD in medical emergencies every year.
- **disinfection and decontamination**
 - at least five hours in every CPD cycle
- **radiography and radiation protection**
 - at least five hours in every CPD cycle.
 - technicians can substitute radiography and radiation protection with materials and equipment
- If work in a clinical environment, also recommend keep up to date, by completing CPD (verifiable or general) in
 - **legal and ethical issues,**
 - **handling complaints**

CPD Activities which could count as CPD

- courses and lectures;
- vocational training or general professional training;
- study days;
- educational parts of professional and specialist society meetings;
- peer review and clinical audit;
- distance learning;
- multimedia learning staff training;
- educational workshops at conferences;
- reading journals;
- background research;
- private study.

Verifiable CPD?

Activity must meet all four of the following conditions.

1. **Keep a certificate** (or other type of documentary proof)
 - proving taking part in the activity.
 - certificate should come from the activity provider or organiser.
 - should show the number of hours you spent on the activity.
2. **The activity** itself must have:
 - i. **'concise educational aims and objectives**
 - ii. **'clear anticipated outcomes'**
 - iii. **'quality controls'** – chance to give feedback, with a view to improving quality.

Europe - CPD?

Education, Audiovisual and Culture Executive Agency Lifelong Learning: Erasmus

PROJECT NUMBER – 509961-LLP-1-2010-1-UK-ERASMUS-EMHE
AGREEMENT NUMBER - 2010 - 3317 / 001 - 001

Harmonization & Standardization of European Dental
Schools' Programs of Continuing Professional
Development for Graduate Dentists

Dent CPD - Background

- EU-citizens - wish to be assured that the practicing dentist
 - **has a degree or license** that meets EU-standards,
 - **maintain and up-date their knowledge and skills through CPD**

Dent CPD - Background

- **CPD essential to the maintenance of dentists' knowledge & skills**, underpinning safe clinical practice.
- **No harmonisation** on
 - the 'essential' content or
 - regulation of CPD for graduate dentists in the EU.
- CPD **provided by a variety of enterprises**, including
 - dental schools in higher education institutions (HEIs),
 - public sector organisations & industry.
- **Not all subject to quality management.**

Dent CPD - Outputs:

- **Inventory** by literature & internet search, survey & consensus methods
 - existing CPD programs & providers;
 - agreement on core components; identification of best practice.
- **Guidelines - organization, quality management & assurance of CPD programs.**
- **Guidelines for delivery of competence-based CPD modules & a core topic, exemplar teaching module.**
- **Dental CPD Reference Manual**
- Eur J of Dent Ed, Supplement, **publication**

Dent CPD - Impact.

- **Harmonization** of dental CPD across Europe should:
 - **enhance patient safety**;
 - **promote cooperation** between HEIs & professional organizations delivering CPD;
 - **promote freedom of movement** of graduate dentists through a **Europe wide recognition of their CPD**, central to the philosophy of lifelong learning.

Dent CPD - Impact.

- This project aims to
 - **modernise the strategic role** of dental schools in HEIs in the quality management and provision of CPD and
 - **develop cooperation** between universities and other professional stakeholders in the delivery of CPD.

Dent CPD - Impact.

- Specifically,
 - envisage an **agreement on 'essential' CPD topics** will be **adopted by the regulatory/statutory bodies** within each EU country, and
 - used to **validate the CPD** undertaken by graduate dentists in these essential topics.
 - in turn, provide a currency for use in **recertification processes extending beyond country boundaries.**

Dent CPD - Impact.

- Short term target groups
 - expect the good practice guidelines for program managers to be endorsed by the majority of dental schools and other CPD providers, in Europe, beyond the life of the project.
- Long term target groups
 - providers and users of dental CPD in developing countries
 - African, Asian and South American continents
 - links are already well established through the ADEE.

Survey Europe - CPD?

DentCPD

Questionnaire/survey Development

- Initial draft circulated and debated at SIGs at ADEE 09 and ADEE 10 – consensus on content
- Multiple revisions by Cardiff Team
- Consensus across project partners
- Piloted by a staff within partner institutions, mid-Nov - Further revisions
- Launch Dec 2010 – Jan 2011

DentCPD

Questionnaire recipients consensus at ADEE 2010

- Dental associations members of the European Association of Dentists
- Members (including Dental schools) through ADEE network
- Individual attendees expressing an interest at SIG ADEE 09 and ADEE 10
- Other suggested contacts across the EU

DentCPD

Results

- 169 responses by February 2011
- 27 countries response from within the EU

DentCPD

Official, regulated system for CPD? (Q2)
